

Driving Tips From The War Amps DRIVESAFE Program

DRIVESAFE Tips

- Tailgated? Let 'em go by!
- Don't be panicked by other drivers.
- Skateboards, rollerblades and bikes are here – share the road.
- Slow down in bad weather.
- Be seen. Use your headlights.
- Don't sightsee when behind the wheel.
- Anger is dangerous. Try a smile.
- Conversation distracting? Head it off politely.
- Expect the other driver to ignore signals. Don't trust others with your life.
- Don't be tempted to call or text – use hands-free or turn off your phone.

Safety List

Pilots call it a cockpit check. Make it an automatic drill before "takeoff."

- Seat position
- Mirrors
- Windows clear
- Brake lights
- Turn signals
- Headlights (low beam, please)
- Seatbelts
- Fuel
- Horn
- Let's go! DRIVESAFE!

And for long trips:

- Oil and fluid levels
- Tires properly inflated (including spare)
- Wiper blades and gauges
- Emergency kit and flares
- Weather and road conditions
- Essential medical documents on board
