

SAFETY WALK

Potential Hazards

Here are some examples of dangers you might see on your SAFETY WALK. Keep an eye out for other hazards specific to your neighbourhood that might not be on this list!

- All-terrain vehicles (ATVs) and snowmobiles
- Augers
- Balconies, bridges and scaffolding
- Barbecues and propane tanks
- Boats
- Broken glass and/or plastic
- Chainsaws
- Chemicals (e.g., cleaning solutions, motor oil, etc.)
- Construction sites
- Drills
- Driveways and parking lots
- Elevators and escalators
- Fallen wires
- Farm equipment and machinery
- Fire
- Jaywalking (crossing the road where there is no crosswalk)
- Knives
- Ladders
- Lawn mowers
- Pools
- Power takeoffs (PTOs)
- Razors
- Rivers and lakes
- Roads
- Snowblowers and snowplows
- Thin ice
- Tillers
- Trains and train tracks
- Utility boxes
- Utility poles (hydro, telephone, etc.) and electrical towers
- Vehicles

Remember to always go on a SAFETY WALK with an adult, respect signs and signals, and use your eyes and ears when checking for dangers.

Circle the dangers you see on your SAFETY WALK!
